13. KOREA. Communist delegation at Kaesong believed to have resumed training:  
 A 2 September North Korean message, probably from the Communist Kaesong  
 delegation, reports that the "units have entered military training anew,  
 and starting tomorrow the battalion commanders will begin...classes."  
 (SUEDE  4515, M-M, 2 Sep 51)

Comment: Resumption of training activities among the more than  
 600 Communist personnel in the neutral zone may be interpreted as a  
 sign that a renewal of combat is contemplated.
